CHAIRMAN'S MESSAGE

Distinguished Shareholders, Representatives of the Regulatory Bodies here present, Ladies and Gentlemen, on behalf of the Board of Directors of Tripple Gee & Company Plc, I welcome you all most heartily to the 31st Annual General Meeting of our Company and gladly present to you the Reports and Financial Statements for the Year Ended 31st March 2021.

The year 2020/2021 has indeed been a trying period globally. The Covid-19 pandemic continued to shake virtually all areas of human endeavours, resulting in unforeseen challenges in business and Tripple Gee & Company Plc was not exempted from these negative impacts.

Nevertheless, due to the transformation and diversification strategies formulated under the guidance of the Board and executed by our highly resilient Management team ably

led by the Group Managing Director, Chief (Mrs) Adebimpe Giwa, the Company performed creditably well during the year ended 31st March 2021, defying all economic odds. The pandemic in fact was a test of the survival ability of the global economic institutions. Although Nigeria, defying all known scientific indices, escaped a public health crisis contrary to the expectations and predictions of the developed countries about Africa generally, her economy was not spared the global negative impact of the pandemic.

The government's lockdown and restrictions crippled many businesses resulting in job losses, impacted living standards negatively, heightened insecurity and led to various social unrests.

The International Monetary Fund (IMF) had projected that Nigeria's economic recovery would be weak and gradual under the current policies. Real GDP was expected to recover to its pre-pandemic level in year 2022 or thereabout and its growth in 2021 was expected to revert to positive at a dismal 1.5%.

TRIPPLE GEE & CO. PLC

The trading results show that your Company not only weathered the economic storms of the pandemic, but has proved from all indication that more glorious years are ahead. Recording a Turnover of N2,005,970,000 as against the figure of

N1,320,962,000 for the corresponding year ended 2020, thus reflecting a 52% increase. Profit Before Taxation was N128,646,000 compared with the figure of N55,198,000 for the prior year, showing 133% increase. Profit After Tax was N85,880,000 as against the figure of N37,535,000 for the year ended 2020, thus reflecting an increase of 129%. Retained Earnings for the year was N152,726,000 as against the figure of N100,516,000 for the prior year, reflecting a 52% increase. There is no doubt that with a sustained profitability, the Company is sure to return value to the shareholders' investments consistently. Hence the proposed dividend of N7Kobo per share for the year ended 31st March 2021, which I am optimistic will be approved at this meeting, with the hope that the returns will continue to appreciate even better in the years ahead.

THE FUTURE

The Company has a robust plan for future expansion and to this end, a new factory is in the offing within a more accessible terrain which will no doubt enhance its operations and give it better visibility in the industry. The Company will continue to strengthen and sustain its Clients base while diversification into profitable related areas of our core business will be vigorously pursued.

As a responsible Company, we are committed to our work-from-home policy for our non-frontline staff and do provide the necessary support to enable them work effectively from home.

We have also adopted strict control measures for access by employees and other third parties to our factory premises.

We provide personal protective equipment for all our employees and insist on compliance by all staff with Covid-19 safety protocols.

ACKNOWLEDGEMENT

I wish to use this medium to recognize the incredible effort of the Management of the Company under the able leadership of Chief (Mrs) Adebimpe Giwa.

I acknowledge the support of our critical Stakeholders, Shareholders, Employees, Customers, Suppliers, Bankers, Regulatory Authorities and other service providers for their immense contributions and unflinching support over the years.

To my Colleagues on the Board of Tripple Gee, I hereby express deep appreciation to you all for the joint efforts in successfully steering the ship of this great Company. You are simply the best team ever.

God Bless Tripple Gee & Company Plc.

God Bless You All

God Bless the Federal Republic of Nigeria

COMPANY PROFILE

INTRODUCTION

TRIPPLE GEE & COMPANY PLC. is a manufacturer of financial instruments, secured and commercial documents, POS Rolls, labels and flexible packaging materials. Our range of products and services are being used across industry sectors from the banking industry, government regulatory bodies, transportation, educational, oil and gas, to pharmaceuticals and FMCG manufacturers.

With over 41 years in the print business and a solid track record working with Financial Institutions, Multi-national organizations, Governments and Research Institutes, Tripple Gee has evolved and improved the security and quality of transactional and commercial instruments space. We have continuously delivered significant return on investment to our shareholders, customers and socially responsible to the community in which we operate.

OUR HISTORY & BACKGROUND

Tripple Gee & Company Plc. was incorporated in April, 1980 as a private Limited Liability Company. It commenced operations in the same year. Eleven years later, in 1991, it became a Public Limited Liability Company when it was quoted on the Nigerian Exchange Limited. The pre-incorporation business model of the Company was influenced on one hand by the prevailing national drive for self-sufficiency on print products and services and the booming business environment in Nigeria at the time, which the Company founder (Chief G.G Giwa) responded to by setting up the Company.

At inception, the Company produced general commercial stationery but soon developed its activities to produce specialized paper packaging products for the Food products and Pharmaceutical Industries. In 1989, the Company took advantage of more opportunities in the print market and in particular diversified into the niche Security Printing market by investing in technology, state of the art machinery and acquisition of how best to secure both print and print substrates by embedding hard to counterfeit

features in the substrates.

This move entrenched the Company's presence in the international print industry and has contributed significantly to the Company's ascent to Public Limited Company status. Today, the company produces high quality, and secure computer stationery, Financial Instruments, labels and flexible packaging materials. The Company has also added tru-DATA application, an anti-theft and counterfeit solution to her product lines.

OUR MISSION AND VISION

Our Mission is to locally manufacture and sell quality paper and paper related products of the highest global standards nationally and regionally. This we aim to achieve by building a motivated and competent work force while delivering good return on investment to our shareholders and demonstrating corporate social responsibility.

The Company's Vision is to be the preferred and 'go to' security print and services provider in Nigeria and regionally.

OUR PRODUCTS

The Company operates in two main areas,

1. Security Prints
2. Packaging & Flexible Materials Prints

1. SECURITY PRINTS

To the members of Tripple Gee & Co Plc

Our Opinion

We have audited the accompanying Financial Statements of **Tripple Gee & Company Plc.** ('the Company') which comprise the Statement of Financial Position as at 31st March, 2021, and the Statement of Comprehensive Income, Statement of Changes in Equity, and the Statement of Cash flows for the year then ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information. In our opinion, the Financial Statements give a true and fair view of the financial position of Tripple Gee & Company Plc ('the Company') as at 31st March, 2021 and of the Company's financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards, the Companies and Allied Matters Act 2020 and the Financial Reporting Council of Nigeria Act, 2011.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of Tripple Gee and Company Plc, in accordance with the requirements of the Institute of Chartered Accountants of Nigeria (ICAN) Professional Code of Conduct and Guide for Accountants (ICAN Code) and other independence requirements applicable to performing audits of financial statements in Nigeria. We have fulfilled our other ethical responsibilities in accordance with the ICAN Code and in

accordance with other ethical requirements applicable to performing audits in Nigeria. The ICAN code is consistent with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (Parts A and B). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matters below relate to the audit of the Financial Statements.

Key Audit Matter	How the matter was addressed in the audit
<p>➤ Daewoo Bond Accrued Interest</p> <p>The Company has discontinued the accruing interest on the 400million Japanese Yen (JPY) zero coupon bond at 5% per annum issued in 2007. However, the aggregate liability of N661million as at 31st December 2019, which included the principal amount and accrued interest is still being carried in the Financial Statements pending when conclusive evidence will emerge to confirm full extinguishment of the entire liability.</p>	<p>We confirmed that the Company, having made many representations to the Regulatory Authorities, got a waiver to suspend accruing for interest on the financial instrument.</p>
<p>➤ Tru-Data Project</p> <p>This is a software project that provides a positive identity verification, developed to encrypt and authenticate documents with a view to eliminating counterfeiting.</p> <p>The Company is a separate legal entity with an Authorised Share Capital of N200million. The take-off Issued Share Capital is N50million. Tripple Gee is a majority shareholders having 80% holding currently, while the remaining 20% belongs to other Subscribers.</p>	<p>We confirmed the Company's aggregate investments of over N101million as at the financial year ended 31st March, 2021. We confirmed further that Board approval had been given for the new Company to take-off with effect from next financial year.</p>

INDEPENDENT AUDITOR'S REPORT

Key Audit Matter	How the matter was addressed in the audit
<p>➤ Machinery-in-Transit</p> <p>The Company, in pursuit of its strategic business opportunities such as capacity expansion and re-alignment of its packaging business, is in the process of acquisition of new Machinery to secure additional market share of its packaging business. It has secured N437.5million loan facility from Providus Bank to partly execute the procurement.</p>	<p>During our meeting with the Management and going through the minutes of Board meetings, we confirmed that loan facility of N625million was sourced from Providus Bank for the acquisition of new Machinery (N500million) and Land (N125million), secured on All -Assets Debenture over Company's fixed and floating Assets, shared pari-passu with Nexim Bank.</p>
<p>➤ Investment in Associate (Gambou)</p> <p>The status of the investment has remained unchanged at N165.8million over the years.</p>	<p>We advised Management to re-constitute the Board of Gambou with a view to determining the fair value of the Tripple Gee's investment in the Associate.</p>

Other Information

The Directors are responsible for the other information. The other information comprises the Directors' Report, Audit Committee's Report and Company Secretary's Report, which we obtained prior to the date of this auditor's report which is expected to be made available to us after that date. The other information does not include the financial statements and our report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, if we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors are responsible for the preparation of the Financial Statements that give a true and fair view in accordance with International Financial Reporting Standards and the requirements of the Companies and Allied Matters Act 2020, Financial Reporting Council of Nigeria Act, 2011 and for such internal control as the Directors determine is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit

in order to design audit procedures that bear appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significance doubt on the Company's ability to continue as a going concern. If we concluded that a material uncertainty exists, we are required to draw attention in our Auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including disclosures, and whether the Company's Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the business activities within the Company to express an opinion on the Financial Statements. We are responsible for the direction, supervision and performance of the Company's audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee and the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee and Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee and/ or Directors, we determine those matters that were of most significance in the audit of the Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our Auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the benefits derivable by the public from such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the Fifth Schedule of the Companies and Allied Matters Act 2020; we expressly state that:

- I. We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit.*
- II. In our opinion, proper books of account have been kept by the Company in so far as appears from our examination of those books.*

The Company's Financial Position and its Statement of Profit or Loss and Other Comprehensive Income are in agreement with the books of account and returns.

1. Reporting Entity

Tripple Gee & Co Plc was incorporated in Nigeria under the Companies and Allied Matters Act (CAP 20), Laws of the Federation 2004, in 1980 as a Private Limited and was converted to a Public Limited Company in 1991 and listed on the second tier of the Nigerian Exchange Limited. The Company's principal activities continue to be production of security documents, financial instruments and flexible packaging items to both Private and Public Sectors of the Nigerian economy.

2. Basis of Preparation

a. Statement of Compliance

The Financial Statements have been prepared in accordance with International Financial Reporting Standards (IFRSs), and with the requirements of the Companies and Allied Matters Act.

IFRS affecting amounts reported in the current year.

IAS 1- Presentation of Financial Statements

IAS 2- Inventories

IAS 7- Statement of Cash Flow

IAS 16- Property, Plant and Equipment

IAS 18- Accounting for Revenue

IAS 33- Earnings Per Share

IAS 36- Impairment of Assets

IAS 37- Provision, Contingent Liabilities and Contingent Assets

IAS 38- Intangible Assets

IAS 1 covers the form and content of Financial Statements. The main components are:

- Statement of Financial Position
- Statement of Comprehensive Income
- Statement of Changes in Equity
- Statement of Cash Flow
- Notes to the Financial Statements.

IAS 2 covers Inventories which are Assets Held for Sale in the ordinary

course of business. It includes goods purchased and held for resale, finished goods, work in progress, materials and supplies awaiting use in the production process. In determining the cost of inventories, weighted valuation method was used. Exchange rate differences in relation to inventories were expensed.

Inventory is stated in the Financial Statements at the lower of cost and net realizable value.

b. Going Concern Status

The Directors believe that there are no threats from any source that could negatively affect the company's business in the foreseeable future. Therefore these Financial Statements are prepared on a going concern basis.

c. Financial Period

These Financial Statements cover the financial period from 1st April 2020 to 31st March 2021 with comparatives for the year ended 31st March 2020, as required by IFRS.

d. Basis of Measurement

The financial statements have been prepared on historical cost basis except where otherwise indicated.

e. Functional and Presentation Currency

These financial statements are presented in Naira, which is the Company's functional currency. All financial information presented in Naira has been rounded to the nearest thousand except where otherwise indicated.

f. Use of Estimates and Judgement

The preparation of the financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these statements.

Critical judgements applied in arriving at these estimates are based on the best information available to management at the time such estimates were made. Estimates and underlying assumptions are reviewed on an ongoing basis.

3. Significant Accounting Policies

The accounting policies set out below have been applied consistently to all periods presented in these Financial Statements.

3a Turnover

Turnover represents revenue from the sales of goods invoiced to the third parties in the course of ordinary activities and is measured at the fair value of the consideration received or receivable, net of value added tax, trade discounts and volume rebates. Revenue is recognised when persuasive evidence exists that the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable and there is no continuing management involvement with the goods and the amount of revenue can be measured reliably.

3b Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost incurred in bringing each product to its present location and condition is based on:

Raw and packaging materials - purchased cost on a first-in, first out basis including transportation

and clearing costs

Finished Products - cost of direct materials and labour plus a reasonable proportion of production based on normal levels of activity

Engineering Spares - purchase cost including transportation and clearing costs

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

3c Property, Plant and Equipment

Recognition and Measurement

Items of Property, Plant and Equipment are measured at cost less

accumulated depreciation and accumulated impairment losses. The cost of Property, Plant and Equipment was determined with reference to the previous GAAP revaluation in 2003 by Messrs Jide Taiwo & Co (Estate Surveyors & Valuers). The Company elected to apply the optional exemption to use this previous revaluation as deemed cost at 1 April 2011, the date of transition.

Cost includes expenditure that is directly attributable to the acquisition of the asset, including borrowing cost gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment and are recognised as Profit or loss in the Statement of Comprehensive Income.

3d Subsequent Costs

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably.

The carrying amount of the replaced part is derecognized. The costs of the day- to- day servicing of property, plant and equipment are recognized in profit or loss as incurred.

3e Depreciation

Depreciation is calculated on straight line basis based on the estimated useful life of each asset which reflects the expected pattern of consumption of the future economic benefits embodied in the asset, and it is so recognised in the statement of comprehensive income.

The estimated useful lives for the current and comparative periods are as follows:

Land	-
Building	40 years
Plant and Machinery	10 years
Motor Vehicles	4 years
Loose Tools	5 years
Furniture and Fittings	8 years
Computers	4 years

3f. Other Intangible assets

These represent quoted and unquoted investments in shares.

3g. Investment in Associate

The carrying amount of Investment in Associate represents reasonable approximation of fair value

3h. Trade Receivables

The Directors believe that the carrying amount of trade receivables is a reasonable approximation of fair value.

3i. Foreign Exchange Rate

Transactions denominated in foreign currencies are translated and recorded in naira at the actual exchange rate as of the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated at rate of exchange prevailing at that date.

All differences arising from the conversion of the balances in foreign currencies to naira are taken to the Statement of Comprehensive Income.

3j. Taxation

The Tax Provision made is based on the taxable income for the year, using tax rate statutorily enacted at the Reporting Date.

3k. Earnings per Share

A basic Earnings Per Share (EPS) is calculated by dividing the net profit attributable to shareholders by the weighted average number of shares in issue during the year.

3l. Impairment

Financial Assets (including Receivables)

Financial assets are initially recognised at fair value plus directly attributable transaction costs. Subsequently remeasurement of financial assets is determined by their designation that is revisited at

each reporting date.

The classification of financial assets depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. On initial recognition, financial assets is classified at amortized cost, Fair Value through Other Comprehensive Income (FVTOCI) and Fair Value through Profit or Loss (FVTPL).

A financial asset is measured at Amortized Cost if it meets both of the following conditions and is not designated as at FVTPL

- I. It is held within a business model whose objectives is to hold assets to collect contractual cashflow;
- II. Its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVTOCI, if it meets both of the following conditions and is not designated as at FVTPL:

- I. It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- II. Its contractual terms give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the company may irrevocably elect to present subsequent changes in the investment's fair value on OCI. This election is made on an investment by investment basis.

All financial assets not classified as measured at amortized cost or FVTOCI as declared above are measured at FVTPL. This includes all derivative financial assets.

Financial Assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income are recognised in profit or loss.

Financial Assets at amortized cost: These assets are subsequently measured at amortized cost using the effective interest method. The

amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss in derecognition is recognised in profit or loss.

Debt Investments at FVTOCI: These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gain and losses are recognised in OCI. On derecognition, gain and losses accumulated in OCI are reclassified to profit or loss.

Equity Investment at FVTOCI: These assets are subsequently measured at fair value. Dividends are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gain and losses are recognised in OCI and are never reclassified to profit or loss.

The company's financial assets are mainly measured at amortised cost and they comprise cash and cash equivalents, trade receivables due to related parties and other receivables.

I. Cash and Cash Equivalents

Cash and Cash Equivalents consist of cash at bank and in hand and short-term deposits with an original maturity of three months or less.

For the purpose of reporting cash flows, cash and cash equivalents include cash on hand, cash in bank and investments in money market instruments with maturity dates of less than three months and are risk-free net of bank overdraft. Cash and cash equivalents are carried at amortised cost in the statement of financial position.

II. Trade Receivables

Trade Receivables are amount due from customers for service rendered in the ordinary course of business. If collection is expected within one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method less provision of impairment. Discounting is ignored if insignificant. A provision for impairment of Trade Receivables is established where there is objective evidence that the company will not be able to collect all the amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that debtor will enter bankruptcy and default or delinquency in payment, are the indicators that a trade receivable is impaired. The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the Statement of Profit or Loss and Other Comprehensive Income within the administrative cost. The amount of the impairment provision is the difference between the asset's nominal value and the recoverable value, which is the present value of estimated cash flows, discounted at the original effective interest rate. Changes to this provision are recognised under administrative costs. When a trade receivable is uncollectable, it is written off against the provision of trade receivables.

III. Derecognition of Financial Assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expires, or when it transfer substantially all the risks and rewards of ownership of the assets to another entity. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit or loss.

Prepayments

31 Prepayments are payments made in advance relating to the

following year and are recognised and carried at original amounts utilised in the statement of profit or loss and other comprehensive income.

Financial Liabilities

Financial Liabilities are initially recognised at fair value when the Company becomes a party to the contractual provisions of the liability. Financial Liabilities are classified as measured at amortised cost or fair value through profit or loss (FVTPL). Financial Liabilities are classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial Liabilities at FVTPL are measured at fair value and net gains and losses including any interest expenses are recognised in profit or loss. Other Financial Liabilities are subsequently measured at amortised cost using the effective interest method or invoice price where discounting is not significant. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss. The company's financial liabilities include trade and other payables and borrowings.

Financial liabilities are presented as if the liability is due to be settled within 12 months after the reporting date, or if they are held for the purpose of being traded. Other financial liabilities which contractually will be settled more than 12 months after the reporting date are classified as non-current.

i. Trade Payables

Trade Payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade payables are recognised initially at fair value and

subsequently measured at amortised cost using the effective interest method.

ii. Borrowings

Borrowings are recognised initially at fair value, as the proceeds received, net of any transaction cost incurred. Borrowings are subsequently recorded at amortised cost. Finance charges, including premiums payable on settlement or redemption and direct issue costs, are accounted in profit or loss using the effective interest method and are added to the carrying amount of the instrument to the extent they are not settled in the period in which they arise.

iii. De-recognised of Financial Liabilities

The Company derecognises liabilities when, and only when, the Company's obligation are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the statement of profit or loss.

iv. Impairment of Financial Instruments

The Company assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after initial recognition of the asset (a 'loss event') and the loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

The Company first assesses whether objective evidence of impairment exists.

For the loan and receivables category, the amount of the loss is measured as the difference between the Asset's carrying amount and the present value of estimated future cash flow (excluding future credit losses that have not been incurred)

discounted at the financial assets original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in the statement of profit or loss. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

As a practical expedient, the Company may measure impairment on the basis of instrument's fair value using an observable market price.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the statement of profit or loss.

Offsetting of Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

3m. Investment Income and Finance Costs

Investment Income comprises of difference between the current market value of the quoted shares in blue-chip companies and the fair value of such shares at the previous financial statements.

Finance costs comprise interest expense on borrowings. Certain borrowing costs are capitalised as explained under the section on Property, Plant and Equipment. Others that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss.

3n. Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can

be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

4. Application of new and revised International Financial Reporting Standards (IFRSs)

A number of new Standards, Amendments to Standards and interpretations are effective for annual periods beginning from January 1 2018 and early application is permitted; however, the Company has not applied the new or amended standards in preparing these Financial Statements. Those Standards, amendments to Standards, and Interpretations which may be relevant to the Company are set below:

IFRS 9	Financial Instruments Effective 1 January 2018
IFRS 15	Revenue from Contracts with Customers Effective 1 January 2018
IFRIC 22	Foreign currency transactions and advance consideration Effective 1 January 2018

IFRS 9 Financial Instruments

On 24 July 2014, the IASB issued the final IFRS 9 Financial Instruments Standard, which replaces earlier versions of IFRS 9 and completes the IASB's project to replace IAS 39 Financial Instruments:

Recognition and Measurement

IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39.

The Company predominantly transacts its business on cash and carry basis except for a few corporate clients, especially in the banking industry which have agreed credit terms with the Company.

The Company has undertaken a review of the main types of commercial arrangements with customers under the new five-step

model and has concluded that the application of IFRS 9 will not have a material impact on the profit or loss and financial position of the Company.

IFRS 15: Revenue from Contracts with Customers

The core principle of IFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. An entity recognises revenue in accordance with that core principle by applying the following steps:

- Identify the contract(s) with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contract
- Recognise revenue when (or as) the entity satisfies a performance obligation.

The Company has undertaken a review of the main types of commercial arrangements with customers under the new five-step model and has concluded that the application of IFRS 15 will not have a material impact on the profit or loss and financial position of the Company.

IFRIC 22: Foreign currency transactions and advance consideration

The amendments provide guidance on the transaction date to be used in determining the exchange rate for transaction of foreign currency transactions involving an advance payment or receipt.

The amendments clarify that the transaction date is the date on which the Company initially recognises the repayment or deferred income arising from the advance consideration. For transactions involving multiple payments or receipts, each

payment or receipt gives rise to a separate transaction date.

The interpretation applies when a Company:

- pays or receives consideration in a foreign currency; and
- recognises a non-monetary asset or liability – e.g. non-refundable advance consideration before recognising the related item.

The amendments to the standard had no material impact on the Company's Financial Statements.

17. Financial Risk Management

The Company has exposure to the following risks from its use

of financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Operational risk

Risk Management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and control, and to monitor risks and

adherence to limits.

The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by the Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the result of which are reported to both Senior Management and the Audit Committee.

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterpart to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

Management has a well-tested procedure under which each new customer is analysed individually for credit worthiness before the Company extends credit facilities to such customer and this is reviewed regularly.

In monitoring customer credit risk, age analysis of customers is being regularly reviewed during management meetings.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its obligations to third parties as and when due, under both normal and stressed conditions, without risking and damage to Company's reputation.

The Company has a clear focus on ensuring sufficient access to

capital to finance growth and to refinance maturing debt obligations. As part of the liquidity management process, the Company has various credit arrangements in some banks and related parties which can be utilised to meet its liquidity requirements.

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates, will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising return.

The Company manages market risks by keeping costs low to keep prices within profitable range, foreign exchange risks are managed by maintaining foreign denominated bank accounts and keeping Letters of Credit (LC) facility with Company's bankers.

Operational risk

Operational risk is the risk of direct and indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks, such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour. Operational risks arise from all of the Company's operations.

The Company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Company's reputation with overall cost effectiveness and to avoid control procedures that restrict initiatives and creativity.

The primary responsibility for the development and implementation of controls to address operational risks is assigned to senior personnel within each of the business unit. The responsibility is supported by the development of overall Company standards for the management of operational risk in the following areas:

- Requirements for the appropriate segregation of duties including the independent authorisation of transactions
 - Requirements for the reconciliations and monitoring of transactions
 - Compliance with regulatory and other legal requirements
 - Documentation of controls and procedures
 - Requirements for the periodic assessment of operational risk faced and the adequacy of controls and procedures to address the risks identified
 - Training and professional development
 - Ethical and business standards
 - Risk mitigation, including adequate insurance cover
- Compliance with the Company's standards is supported by a programme of periodic reviews undertaken by Internal Audit. The results of Internal Audit reviews are discussed with management of the business unit to which they relate, with summaries submitted to the Audit Committee and senior management of the Company.

18. Related Parties

Related parties include the Directors (whether executive or non-executive), their close family members and any employee who is able to exert a significant influence on the operating policies of the Company. All transactions with the Company are usually carried out at arm's length and conform to established Company procedures on procurement.

27. Major Suppliers

The Company's Suppliers are both Local & Foreign and some of the major suppliers are:

E-DIVIDEND

Tripple Gee & Company Plc

29th July, 2021.

Dear Shareholders,

E-DIVIDEND AND BONUS

It has become apparent that despite our prompt dispatch of dividend warrants over the years, many have remained unclaimed and several others returned for validation.

To forestall this and facilitate prompt receipt of your dividend and bonus certificates, the Securities and Exchange Commission (SEC) has made it mandatory for all shareholders to open bank account, stock broking account and Central Securities Clearing System (CSCS) account. This process is a fast, reliable and efficient way of receiving your dividend and bonus certificates directly into your personal and bank accounts with the Central Securities Clearing System (CSCS). If you do not have a CSCS account, please make arrangement to do so with the assistance of a stockbroker of your choice in order to benefit from the ease of assessing the e-dividend and e-bonus. The e-mandate activation form on the next page has been designed with this purpose in mind. Please complete the same as appropriate and forward it to our Registrars for further action. You can also download same from our Registrars' website www.gtlregistrars.com.

Further to the directive of the Federal and State Governments on the restriction of mass gathering due to the COVID -19 pandemic the Corporate Affairs Commission has approved that the Annual General Meeting (AGM) be conducted by Members (shareholders) of the Company through the use of proxies. Members are therefore advised that attendance at the AGM shall only be by proxy.

ii. A member of the company entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote in his/her/its place. A proxy need not to be a member of the company in view of the above, members should appoint a proxy of their choice from those listed in this proxy form.

iii. Please sign this proxy form and send it to reach the address shown overleaf or email address proxy@gtlregistrars.com not later than 48 (Forty Eight) hours before the 9th September, 2021. If executed by a corporation, the Proxy Form should be sealed with the common seal.

iv. The Proxy must produce the Admission Form within the Annual Report and Financial Statements booklets to gain entrance to the meeting.

v. A member voting in his/her own right as a member and also voting as proxy for another or other members should fill one voting paper for his own holding and a separate paper for each of the members he/she is representing.
